About the University

Medi-Caps has been a brand name in the arena of technical education. Since its inception in July 2000, Medi-Caps has consistently aimed at creating an ideal ambiance for budding technocrats and managers; and helping them to grow like true professionals. With its highly qualified faculty there seems an optimal blend of academic brilliance and industry exposure, supplemented by highly specialized visiting faculty and industry experts, senior professionals segments of different industries and business houses.

of the periphery. Hence the foundation of Medi-Caps University has been laid down. With a strong foundation of the Group since 20 years, Medi-Caps University wishes to maintain the same objective of imparting quality education and producing sound professionals for the benefit of the society at large.

About Department

For 20 years, Medi-Caps University has been one of the leading institutions in central India and has now become a brand name in the arena of technical education. To cater the ever increasing demand of the pharmacy profession the university now has a Faculty of Pharmacy in its premises offering Pharmacy Council of India (PCI) approved B. Pharmacy course. Pharmacy is a branch of health science that deals with preparation and dispensing of drugs, its effects on the body, synthesis of new drugs and quality control. Pharmacy is concerned with the preparation and standardization of herbal drugs, cultivation of plants that are used as drugs, the synthesis of chemical compounds of medicinal value, and the analysis of medicinal agents. The aim of the pharmacy profession is to have a positive impact on the provision of public health services by ensuring the safe and effective use of medications.

Outcome of Value-Added Course

- Enhancing the expertise in instrumentation.
- Improving student’s analytical skills.
- Making them industry ready professionals.
- Strengthen the bond between the teachers and learners.

Who should attend: Students and faculties who are involved in the process of teaching and learning may attend this course.
