# Chancellor's *Message*

Our goal at Medi-Caps University is to attain academic excellence so as to secure better future for our students. In order to achieve this goal, we prepare our students by giving sound knowledge. This will turn them technocrats and managers which will be an asset to the society. Medi-Caps University has grown to be amongst the best educational organization in the state of Madhya Pradesh.” We are successfully moving towards the path and shall continue to do so.

“

*Education is the only tool for enhancing the skills of future technocrats and professionals.*

”

**Shri R. C. Mittal**  
Chancellor

# Vice-Chancellor's *Message*

“Medi-Caps University is a top ranked educational institution. The university is renowned for its contribution to teaching and research on the path of nation building. As a recognized and highly valued university, we sustain a supreme academic standard united with the conduct of discipline, thereby realizing remarkable and admirable percentage of results. I am enormously delighted to welcome you all to being a part of the Medi-Caps family. My blessings for bright future.

“

*“Education will repay in terms of better lives, quality thinking and economic stability”*

”

**Prof. (Dr.) Dilip K. Patnaik**  
Vice-Chancellor

# WHY? US!

## **Student Selection**

- Merit based selection

## **Curriculum and Faculty**

- Well qualified faculties
- Excellent number of research and journal publications
- Patents
- Industry oriented courses
- Outcome based Education

## **Hands-on Practical Experience**

- Compulsory internship
- Seminars, industrial tours
- Contesting in Code-vita, BAJA, etc

## **Industry Ready Interpersonal Skills**

- Well-integrated soft skills and training sessions
- Team building events
- Various club activities
- Sports
- MIIC (Medi-Caps Innovation and Incubation Cell)

## **Infrastructure**

- state of Art Labs
- World class facilities in classrooms
- Ideal ambiance for learning
- Well-equipped Modern library
- Physical & e-Journal

# Campus **PLACEMENT PROCESS**

The campus recruitment process at Medi-Caps University is headed by the Training and Placement Cell. Over the years, the placement cell has consistently worked towards making the recruitment process a hassle-free affair for both the recruiters and the students. The scheduling of the selection process termed the slot, is indicated to the recruiting organization. The university also has a dream slot policy. Medi-Caps University prides itself on being digitally savvy and has conducted many of the interview processes digitally as well. Companies who wish to recruit freshers can conduct the hiring process in either offline or online mode. For conducting the hiring process in offline mode, University has state of art infrastructure dedicated to the Training and Placement cell which includes an auditorium with a capacity of (150/250/600), along with computer labs, Interview cabins, group discussion rooms, and conference hall to host the process smoothly and efficiently. The institute does not follow the practice of placement/participation fees.

# OUR RECRUITERS SPEAK

**fusion**  
GLOBAL BUSINESS SOLUTIONS

**Mr. Hemant Pancholi**  
Head of Operation

It has been a very good experience with Medi-Caps for Campus drives. The last 2 drives we did were full Virtual; however the college representatives made it very seamless and efficient.

The students are being groomed very well here and that is why Medi-Caps is always our first choice when we think of campus drive.

**tcs** TATA  
CONSULTANCY  
SERVICES

**Ms. Mrinalini Peruvaludhi**  
Regional Lead Campus

Medi-Caps has the best student base in MP and the students are well versed with employability skills other than theory which makes them a good hire for every company.

**HEXAWARE**

**Mr. Avinash Talreja**  
Lead Campus

We are very happy with the performance of the candidates during the interview particularly with the technical skills they carry, and the candidates sound quite professional while giving their answers.

**consultadd**  
customer friendly consulting

**Mr. Kartik Bansal**  
Lead Engineering

Consultadd has been coming to Medi-Caps for hiring for years. We have always received excellent support from the TPO office. Students have a good grip on technology and analytical skills.

**impetus**

**Mr. Sanjay Negi**  
Manager HR

One the Best Institutes in the State of MP, very long relationship, and very hard-working Placement Team.

**FORCE**  
MOTORS

**Ms. Apitu Acharya**  
HR Business Partner

Systematic process, very good coordination, and cooperation by Medi-Caps team. A fantastic experience working with MediCaps teams from last many years.

**PROPERTY  
PISTOL**  
NO ONE TARGETS YOUR  
NEED BETTER

**Ms. Dipanwita Chattopadhyay**  
Recruitment Partner

Great Hiring Experience, good coordination. Well Trained Candidates.

**Capgemini**

**Mr. Anupam Bhandarkar**  
Sr. Consultant

Excellent students' quality, and active T&P cell.

# OUR RECRUITERS SPEAK

**Ms. Ankita Phanse**  
Manager HR

It's always been a nice experience working with Medi-Caps University for campus recruitment process. We had already done with 4-5 campus drives with Medi-Caps University. The active participation of placement team of Medi-Caps University throughout the process is incredible and quite supportive. Moreover, helped us so well in coordinating and facilitating the smooth flow of candidates during the interview process.

**Ms. Megha Batham**  
Sr. Executive HR

I, on behalf of Diaspark Infotech would like to express my tremendous gratitude to Training & Placement Cell of Medi-Caps University, Indore helping us mobilize the entire recruitment drive at the time of COVID-19 situation. All the Students were informative and enriched with basics. Great hospitality, Good Ambience and well organized. We will be more than happy to approach the Campus every year. All your support is very much appreciated.

**Dr. Piyush Naik**  
AVP HR

One of the finest institutes in Central India which knows how much the industry's pace. Pleasure to be in touch with the Institute director's and the placement team.

**Mr. Vikas Mishra**  
Director

We are associated with Medi-Caps last so many Years. We always Love to do campus in Indore with the same University. Support and quality of Students is Good.

**Ms. Mohini Bansal**  
Head HR

Our experience with Medi-Caps students so far is good. Well Groomed, Best talent.

**Mr. Parimal Kumar**  
Manager Talent Acquisition

Great College, as we are getting the right talent from Medi-Caps every year.

**Mr. Rohit Gupta**  
AVP Operation

Good University and hard-working students.

# ACHIEVERS 2021

**Divya Gupta**

2021

In all my engineering years, I came across different faculties who helped me thoroughly solving all my doubts and guiding me to the right direction. The library is full of books. The greenery all around the college campus feels peaceful and surreal. I had a great experience in my college life and it was quite a journey for me.

**Tanishq Kasliwal**

2021

I feel very lucky that as students we are getting this level of engagement, the teaching staff work so hard to establish a positive and accommodating environment.

**Akshat Agrawal**

2021

It was a great experience studying at Medicaps University, full of learning with joy and discipline. The mentors and the faculties helped me enhance the academic and interpersonal skills which helped me in my interviews. Last but not least, I am thankful to Training & Placement cell for providing me opportunities to showcase my skills, which yield me good internships and a best placement.

**Abhijeet Singh**

2021

Best college in the state. Good place to learn and have good skills. Placement cell is also working very well to get all the students placed at some good and big companies. Got placed in some big companies. Highly recommended.

**Bhumika Rathore** 2021

My journey at Medicaps has been enlightening so far. The faculty always helped me in enhancing my capabilities and achieve great heights.

**Yash Patidar** 2021

Medi-Caps University provides a great environment for personal and academic development. The curriculum helped me match the current industry requirements and helped me excel my expertise throughout my engineering.

**Tanyta Itoria** 2021

The faculties of Medi-Caps University are dedicated and hard working. Thank you for these four yeras beautiful journey which I will cherish forever.

**Rashi Gupta** 2021

Placement cell was very helpful, helped me a lot during my placement duration.

# ALUMNI SPEAKS

## Mr. Alok Vijayvergiya

Corporate Director – Sustainability  
A Tata Enterprise (Taj Group of Hotels)  
Mumbai

"There is no elevator to success, you have to take the stairs" but it's important which is the right stairs for you. Medi-Caps campus enables you to take the right path to shape your career. I am thankful to this college which has turned us from nobody to somebody in just 4 years.

Proud to see that a sapling (MITM) has grown to a banyan tree (Medi-Caps University). I am grateful to Medi-Caps University for the unforgettable student years, for the professors who inspired me, believed in me, and helped me become who I am today.

## Mr. Dinesh Kumar Amresh

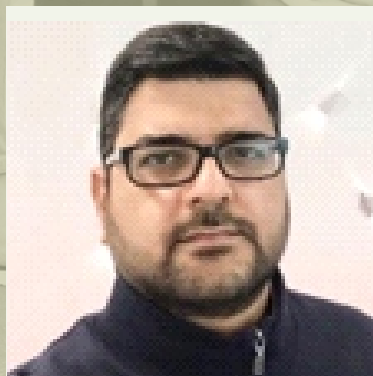

Scientists-SE  
Vikram Sarabhai Space Centre  
Thiruvananthapuram

"In better times, I loved being at Medi-Caps. I often find myself simultaneously grieving and grateful to have been a part of it. We were the first batch and seen all of the build works, I always miss beautiful campus and hills. I miss incredibly intimate and always interesting discussions in my classmates and friends from other branches from 2000. Those late nights in the every expanding library fuelled by coffee and stress were incredible. I miss annual functions and the smell of flowers in the spring. I feel satisfied to finally see Medi-Caps growing as independent university after a long and hard work by faculty and management."

## Mr. Deepak Pathak

Director  
Oracle, London

# ALUMNI SPEAKS

## Mr. Gaurav Aras

Assistant Vice President  
Deutsche Bank, Pune

It would be difficult to sum up four years of Medi Caps in just few lines. I must say that the learning and exposure which Medi-Caps gives is just commendable. The faculties are just amazing and they stand by you from the first day to the end of placement days. Medi-Caps has got one of the best infrastructural facilities, an engineering college can have. As far as the placements are concerned, enough opportunities are provided to every student and it is upto the individual how you take it. Moreover, having a placement policy in order makes thing even more transparent. I am really lucky and proud to have been a part of this institution not only because i got placed but because of the things I have learned over there.

It's been 20 years and what I cannot forget is the first day at Medi-Caps. It was the first day of MITM too. Since then, we started to grow together. MITM is not just my college, it is a part of me, responsible for what I am today. This name will always be a synonym of my great teachers' blessings, my friends' love, and my dearest memories. Thank you, MITM, for everything!

## Mr. Aditya Shrivastav

Lead Software Engineer  
Impetus Infotech India Pvt Ltd.  
Indore

My alma mater, Medi-Caps institute of Technology and Management holds a special place in my heart. It reminds me of all the fond memories of my college life. Whatever we are today is because of this institution. Words fall short to describe the importance of every teacher and the quantum of impact it had on our upbringing. From the bottom of my heart, I would like to thank all the teachers and professors of Medi-Caps institute for inculcating in us the values which would act as a guiding light in every phase of our life. I wish Medi-Caps University all the success in their future endeavours and I hope they continue providing quality education.

## Mr. Ankur Lahoty

IAS officer  
Ministry of Information and broadcasting,  
New Delhi

# Our Recruiters

# Our Recruiters

# INTERNSHIPS@MU

**Students join the corporate as a intern of full time (for minimum period of 4 month)**

## **Semester 1 & 2 (First Year)**

Students understand the basics of engineering, challenges in a higher competitive environment in the Job market, understand the value and application of the Basic of engineering stream. Along with the necessary Course work.

## **2 Month internship as per their stream & Choice**

### **Semester 3rd & 4th (Second Year)**

Students taught the mandatory disciplinary courses as per their branch in depth. Students get ready to adopt the technology and skill. It also helps them to identify their area of interest and based on this day can choose interdisciplinary elective.

## **Mandatory 2-month internship in the industry to explore their knowledge into practice.**

### **Semester 5th & 6th (Third Year)**

In the second last year of engineering, students understand the research and development in the field. Students involved in the live projects / academic research along with mandatory coursework.

**Mandatory 2-month internship in industry or live project of their area belongs to their degree**

### **Semester 7th**

Students get ready to come into the corporate market along with a mandatory campus preparation course. Interview skills, technical skills, presentation.

### **Semester 8th**

Students join the corporate as an intern full time (for a minimum period of 4 months)

**Ishita Goyal**  
Internship @  
Google @ 1.10 Lack Per month

## About Medi-Caps

**M**edi-Caps is one of the brand name in the arena of technical education and contributing in making indore an educational hub. Since its inception in July 2000, the group consistently aims at creating an ideal ambiance for budding technocrats and helping them to grow like true professionals. The main strength of Medi-Caps is its highly qualified faculty members.

We have optimal blend of academic brilliance and industry exposure, which is supplemented by highly specialized visiting faculty and industry experts, senior professionals from various segments of different industries / business houses. This has helped in refining the candidature of our graduating students from Engineering, Management Studies, Agriculture, Pharmacy, Commerce, Science and Arts, Humanities & Social Science.
